### Personnel

<b>R1:</b>	Adams	<b>Outposted OSC's</b>	
<b>Tel Duty:</b>	Martin	NM/Zehner	Available

### Available OSC's:

Adams	Bernier	Brescia
Delgado	Fife	Foster
Hayes	Leos	Martin
Mason	McAteer	Moore
Rhotenberry	Rinehart	Smalley
Smith	Todd	

### Unavailable OSC's:

Delgado	Enders	Engblom
---------	--------	---------

## Reported Activities (10/12/2012 - 10/15/2012)

### Spill Notifications

State	Oil	Haz	Rad	Other
-------	-----	-----	-----	-------

AR	0	1	0	0	
LA	0	3	0	0	
NM	1	0	0	0	
OK	0	1	0	0	
TX	5	6	0	2	
Total	6	11	0	2	= 19

### Significant Events

**Date:** 2012/10/12

**Time:** 00:37

**Type:** Spill Report (NRC#: 1027048)

**Location:** FRENCH SETTLEMENT, LA (LIVINGSTON County)

**Description:** START was activated to perform HAZCAT operations and perform minor containment of an abandoned drum in French Settlement, LA. The drum contained some sort of solvent that will require disposal

### Field Operations

No Ops Log entries for this reporting period

### Exercises

No exercises for this reporting period

### Action Report

**DataID:** 552843

<b>Date:</b> 2012/10/14	<b>Time:</b> 20:42	<b>Submitted by:</b> R06 Duty Officer
<b>Duty Officer/Responder Name:</b> Martin	<b>NRC Report #:</b> 1027208	<b>Hotline Log DataID:</b> 1270645
<b>Action Information</b>		

**Description:** Spill Reporter called EPA several times throughout the day to provide updates and actions taken. Lyondell had activated an EOC and they had 3 teams conducting air monitoring downwind of the release. The monitoring locations included those where they received complaints of odors. Galena Park is located across the ship channel from the facility and they activated a volunteered Shelter-In-Place as a pre-caution. EPA PDO notified TCEQ and they sent their R1 to investigate and he also provided updates to the PDO. While the release was quickly brought under control by shutting down the acid gas thermal oxidizers and re-routing the acid gas stream, the re-lighting of the three thermal units took some time. Preliminary calculations estimated that 35,500 lbs of SO<sub>2</sub> and 500 lbs of H<sub>2</sub>S was released. They got the three units back online and the SIP was lifted at approximately 1945 hrs.
